

NHS Knowledge and Library Hub

A single hub for all library resources

How to access:

- 1) From work or home go to: www.sdhl.org.uk
 - 2) On the homepage click the Knowledge & Library Hub **Search** button to start your search
- OR** visit www.library.nhs.uk/torbay

Search for journal articles, e-books, guidelines and clinical decision tools, **all in one place**

Go directly to full text, as an immediate download or on request from an NHS library

Access **trusted** and **quality-assured** information sources

Login for full-text access

Use your TSDFT login details for full-text access to journal articles and eBooks (where available).

Start a new search

This takes you back to the Hub home page where you can start a new search.

Start your research

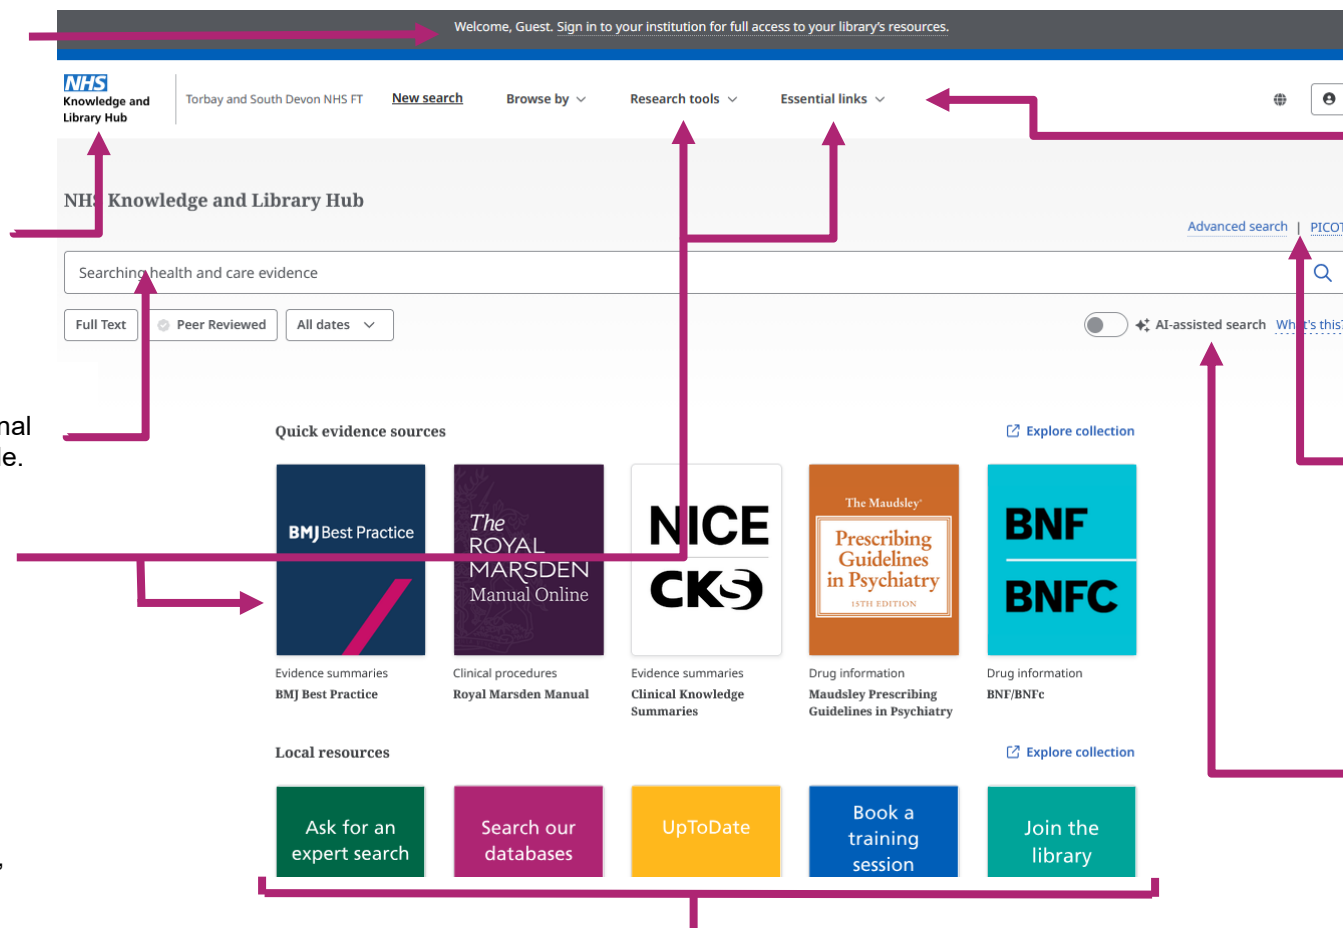

You can search for a topic, a journal article, a book title, or a journal title.

Links to other resources

Check under *Research tools* or *Essential links* or if you need to access databases like Medline or Cinahl for literature searching.

Other library services

Explore the other services the library can offer including training, evidence searches and specialist resource guides.

Keep up to date

Browse the journals that we have via BrowZine. Save your favourite titles and set up email alerts when new issues are published.

Search options

By default, your search will return results which contain all of your search terms. Choose 'Advanced Search' or 'PICOT Search' to access more search options.

AI-assisted search

Toggle the button to try queries using everyday speech in question or statement form. The Hub will make sense of your question and translate it into a search query.

Change your search

- 1 Add or remove search words in the **search box** to tweak your query
- 2 Toggle on **AI-assisted search** to enter your query as a question or sentence
- 3 Narrow your search by selecting and applying **Filters**
- 4 Use **Recent activity** (in **MyEBSCO menu**) to combine results of your searches or check what you searched

View your results

- 5 Results are **Relevance** ranked – you can sort by date instead
- 6 You can adjust the # of results to be displayed at a time
- 7 Click the item title for more details. Selecting the **Save** icon  adds it to your Saved section (**MyEBSCO menu**)

Get the full text

- 8 Select **Access options** for full text links. **LibKey Instant PDF** will take you direct to a copy you can download
- 9 Selecting **Request this item** will open a request form to send to your library
